安楹苑  
新界西貢安禧街15號

位於安達臣道石礦場R2-5號地盤的公營房屋發展項目—「安楹苑」，將前石礦場轉變為一個充滿活力的社區，並融合城市生活與自然的景觀。項目以「樂居安楹」為設計理念，旨在推廣健康生活模式，增強社交連繫及捕捉安達臣道一帶的獨有風景。設計以植物配置延續視覺與生態的連貫性，以呼應石礦場層疊的地貌。

位於安達臣道石礦場的公營房屋發展項目均採用了統一的種植主題，並選定了大花紫薇 (*Lagerstroemia speciosa*) 和紅雞蛋花 (*Plumeria rubra*) 為主題植物，以呼應相鄰的公共空間。另外，安楹苑於其中央迴旋處種植了三棵藍花楸 (*Jacaranda mimosifolia*)，以營造視覺地標，並與安楹苑名稱相呼應。植物配置源於晨曦夕霞的暖色調，選用黃金串錢柳 (*Melaleuca bracteata*) 等樹種，以強化主題概念。設計亦廣泛採用觀賞性草類植物，以呈現周邊山勢及粗獷自然地貌，並呼應場地作為前採石場的歷史背景。安楹苑的景觀設計亦加入了主題標誌設計，以石礦場獨特的層疊地形及暖色調為靈感，帶領居民及訪客探索步行徑、多用途運動區及綠化空間。此標誌系統不僅提供了方向指引，更透過敘述設計理念，增強使用者的體驗，促進人與場地及自然之間的聯繫。

於中央廣場種植了兩排錦葉欖仁 (*Terminalia mantaly* 'Tricolour')，結合藝術作品，以框取維多利亞港日落景色

ON YING COURT  
15 On Hei Street, Sai Kung, New Territories

The public housing development at Anderson Road Quarry Site R2-5, known as On Ying Court, transforms the former quarry into a vibrant community that integrates urban living with the site's distinctive natural landscape.

Guided by the concept “Joy in On Ying,” which aims to capture the picturesque moment of “Anderson”; carve the active lifestyle and mine the social connection. The design responds to the quarry’s layered terrain, together with the soft landscape strategy promotes visual and ecological continuity.

A thematic planting design has been implemented across all housing sites in the Anderson Road Quarry Sites to complement the adjacent public open spaces. The two primary flowering species selected for these sites are *Lagerstroemia speciosa* and *Plumeria rubra*. A notable feature of On Ying Court is the cluster of three mature *Jacaranda mimosifolia* at the central roundabout, providing both a visual landmark and a symbolic reference to the estate’s name. The planting palette also draws on the warm hues of dawn and dusk, with species such as *Melaleuca bracteate* helping to reinforce the thematic concept. The design also extensively incorporates ornamental grasses to present the rugged natural characteristics of the surrounding hills, echoing the site's historical background as a former quarry.

The landscape design of On Ying Court also incorporates thematic signage, inspired by the unique layered terrain and warm color tones of quarry, guiding residents and visitors to explore jogging paths, multipurpose court, and green areas. This signage system not only enhances directional guidance but also reinforces users' experiences by narrating the design concept, promoting a connection between people, the site, and nature

植樹日

TREE PLANTING DAYS

香港房屋委員會肩負環保責任，期望提高公屋居民對環保和可持續發展的意識，並舉辦環保活動，讓租戶為環保出一分力。年內我們在多個屋邨舉辦植樹日，向居民宣傳環保措施，加強公眾教育。

Among our environmental responsibilities are those of raising awareness of green and sustainability issues among PRH community, and organizing green events that give tenants an opportunity to play their part in our “going green”. Across the year we organized tree planting days in several estates.
