Title: Green Living in Estate: Travelling

Super MC: Macy Chan
MC: Zao Kao

Zac Global warming is getting worse

We should all help save the Earth, let's try living a low-carbon lifestyle

Super Use Public Transport

Macy Use public transport more often

It covers most of Hong Kong

so using it to get about is very convenient

Zac Drive or take taxis less often

It'll save energy and reduce emissions

and the air will be cleaner

Super Walk or Cycle

Macy Walk if you only have short way to go. You could also cycle

It's good exercise and good for your health

Super Less Disposables

Zac Take your own water and towel when you go out

Save resources by cutting down on disposables

Macy If possible, use the stairs. It's healthier

Zac And reduces carbon emissions from the lifts

Super Think before Shopping

Zac Before shopping, think about your actual needs

Over-buying not only wastes money

Super Save the Earth's Resources

Zac It wastes the Earth's resources too

Macy I see

Super Reduce Unnecessary Packaging

Zac No need to wrap, thanks

Cut down on unnecessary packaging

Super Take Your Own Bag

Macy and take your own bag

Zac Going abroad on holiday is popular

But planes have high emissions and pollute the air

Super Enjoy Nature

Macy Hong Kong has many beautiful places

Visit the countryside during your holidays. Enjoy nature with your family

It's good for your health both physically and mentally

Living green is our responsibility

Zac Adopt a low-carbon lifestyle today
