Super	Ah Chung: How to Get Along with Others
	Ah Chung Comic Artist
Ah Chung	To get along with others, we must be tolerant
	One main reason for being unhappy is
	because we don't accept unexpected things
	First of all, respect the mindset of others
	So we can all discuss issues calmly
	If we're not stubborn, things will go smoothly
	By being less picky and nitpicking
	by being more appreciative and less inflexible
	we can all have a happier life
	I try to greet everyone I meet
	and smile at them
	I believe we all want a harmonious environment
	where we care for each other
	and can smile when we meet
	Let's talk things over calmly and patiently
	Be ready to understand and compromise
	and then we'll achieve harmony
