Title: Survey on Household Income of Public Rental Housing Tenants

Super	Host: Matthew Ko Survey on Household Income of Public Rental Housing Tenants
Presenter	To collect accurate income data of public rental housing (PRH) tenants The Housing Authority (HA) began in 2007 to conduct a territory-wide Survey on Household Income of PRH Tenants This survey is being carried out constantly Every month, the HA randomly selects 2 000 PRH households and issues them with an income declaration
VO	Selected households must fill in the form truthfully According to Section 25 of the Housing Ordinance completed income declaration forms must be sent within one month to the Public Housing Resources Management Sub-section After submitting their income declaration form some tenants may be invited for an interview with Housing Department staff or required to provide documentary proof of their income and other relevant information Remember, knowingly making false statements refusing to return the income declaration form or returning it late is an offense

Information provided by the tenants
will be used for statistical analysis
to help the HA implement
the Housing Ordinance more effectively
Tenant with queries about the Survey
or who need help in completing
the income declaration form
