

Proper Use of Laundry Facilities

Grandson: Grandma, let me help you with hanging out the laundry ok?

Grandma: Ok, good boy

Grandson: But I'm not tall enough, let me get a stool to step on

Grandma: Ok, dear
Ouch!

Grandson: Grandma, are you ok?

Daughter: Mum, what happened to you?
How can you be so careless, Mum. Have you hurt yourself?

Grandma: I slipped when I was hanging the laundry out to dry

Super: Helen Ng Heung-lun as Madam Cong

Madam Cong: You really have to observe safety precautions when you are hanging
the laundry
Or else, accidents may happen

Grandma: What mistakes have we made while hanging the laundry?

Madam Cong: There are puddles of water on the floor
you could have likely get slipped
Stepping on a stool while hanging the clothes
or leaning excessively out of the balcony
will probably make you lose your balance and fall down

Super: Wet floor
Using the stool
Leaning excessively out of the balcony

Madam Cong: When using this type of laundry pole holder
do not use bamboo poles that are too long
2 meters and below would be suitable
Laundry that is too wet or heavy

should not be hanged outside
Most importantly, elderly, children
or anyone who is physically weak
should not help hanging the laundry

Super: Poles should be less than 2 meters long
Excessively wet laundry
Excessively heavy laundry
Elderly & children hanging laundry alone

Grandma/Daughter: We will be careful next time!

Mrs Law: Oh, my flat uses the laundry rack with cord pulleys
is there anything I have to be aware of when using it?

Madam Cong: Let me take a look at it in your flat
and I can demonstrate to you

Cong(VO): When using a laundry rack with cord pulleys
you should pull on the nylon string to bring your laundry back in or out
to dry
Never lean your body out of the window or balcony

Super: Leaning body out of the window

Cong(VO): Also note that
be it a pole holder or a rack with cord pulleys
never hang anything out that is dripping wet
or other objects such as flower pot and mop
because dripping water may cause nuisance to people who live
downstairs
Other objects may fall down and cause danger

Super: Hanging flower pot and mop
Hanging dripping object

Cong(VO): According to the Marking Scheme for Estate Management
Enforcement
3 points will be allotted for hanging dripping object
If anything falls down from height, 7 points will be allotted

If that may cause danger or personal injury
15 points will be allotted

Super: Allotment of 3 points
Allotment of 7 points
Allotment of 15 points

Madam Cong: Finally, if a household uses ceiling mounted laundry rack
Use a Y-shaped stick to hang your laundry up on the rack
Do not climb up and down
to prevent accidents from happening

Super: Using a tool to help when hanging up laundry

Madam Cong: Everyone please remember
to inform every member of their household of this safety information
Use laundry facilities correctly by observing safety precautions

Super: Use laundry facilities correctly by observing safety precautions!
