Title: Caring for the Elderly and Wishing Them Healthy Ageing

Presenter There are currently more than 400,000 elderly people aged over 60 living in the Housing Authority's public housing estates

Not only did the Housing Authority provide elderly facilities in the estates

But also helped social and rehabilitation organisations set up elderly centers

and organised different kinds of elderly caring activities over the years to implement the core value of "Caring"

in the hope of bringing the elderly healthy and happy lives

Super Health Examinations

Entertainment Performances

Lectures, Workshops

Volunteer Visits

Presenter The Volunteer Corps of Housing Department also carry through the spirit of "Caring"

Care very much about the elderly in the estates

The Housing Department staff use their spare time to visit the elderly in the estates, or organise activities for them

Just in time for the 20th Anniversary of the Housing Department Volunteer Corps

The Volunteer Corps especially organised a gathering for the estate elderly to show the colleagues' care to the elderly and to bring them fun and happiness

Elderly Thanks to the Housing Department and the volunteers!
