Title: "iHousing" E-Notification Services – New Function

Presenter Tenants of public housing can download

the "iHousing" mobile app through mobile devices

and enjoy a wide range of services

Besides paying rent at convenience stores with the QR code

and checking the latest rent position at any time

now tenants can also receive e-notification

of scheduled maintenance notice of utilities services

of their estate via "iHousing" mobile app

When there is suspension of fresh water, electricity, flush water

and lift service

or maintenance of fire services

in addition to the notice posted up at the building lobby

through e-notification, tenants will be notified of the affected

block

date, time and reason 3 days in advance

so as to make prior preparation

Super	Except emergency repair works All updates on repair and maintenance will be based on the notice posted up by estate office
Presenter	E-notification service is so convenient Let's download the "iHousing" mobile app together!
