### Title: Watch out for Kindling at Home

Super Watch out for Kindling at Home

Sister Hey Dad, it's on fire!

Dad What? Where?

Brother Oh! What happened?

Dad I fell asleep while I was reading the newspaper  
and the cigarette butt burnt the newspaper accidentally

Sister Dad, I've told you not to smoke when lying on the sofa or bed  
If the cigarette butt drops and burns the bedding and foam rubber  
It could be disastrous

Hey, the cigarettes in the ashtray are still burning  
and newspapers and stuff are lying around  
It will be too bad if they catch a fire

Brother Hey Sis, you should also be more cautious of fire risks  
You burn aroma oil every night  
with stuff lying around  
If the aroma oil is spilt over  
It might also cause a fire

Sister Okay! You got it right this time

Dad Anyway, we all should be cautious of fire risks at home
