

**Section Title:**

Planning and Estate Management

**VO:**

Public housing estates built in the early years  
were only provided with very basic facilities and management

Over time

the environment, local facilities and estate management

including security and cleansing services

have seen tremendous improvement

Comprehensive planning of housing estates

takes into consideration the everyday needs of tenants

**Super:**

Estate Management Advisory Committee

**VO:**

In the early 70s

we encouraged tenants to form Mutual Aid Committees

Since 1996, Estate Management Advisory Committees (or EMACs)

have been formed in public rental housing (or PRH) estates

to involve tenant representatives in their own estates' management

which also helps to strengthen residents' sense of belonging
