

**Section Title:**

Harmonious Communities

**Super:**

Universal Design

**VO:**

'Universal Design' has been widely adopted in both common areas and inside flats providing barrier-free access to all people and rendering an environment embracing "Ageing in Place"

**Super:**

Harmony and integration

**VO:**

The Housing Authority also encourages NGOs and tenants' associations to invite their neighbours of ethnic minorities to join activities to help them integrate into the community. A host of activities are also organised on a regular basis by housing estate offices in collaboration with NGOs and EMACs to foster a harmonious community.
