[^] In support of Government's initiative to enhance the EV charging network, the Housing Department has been installing and will continue to install EV Chargers in HA's carparks where there is demand and where technically feasible. In case of repair and maintenance, the services of individual chargers may be affected. For the availability of chargers in the hourly parking spaces, please contact the respective management office of individual carpark.

**Implementation of Fee-paying Electric Vehicle Charging Services at
HA's Hourly Parking Spaces**

The Commercial Properties Committee of the Hong Kong Housing Authority (HA) approved the arrangements for implementing fee-paying Electric Vehicle (EV) charging services in HA's hourly parking spaces. Under these arrangements, EV charging fees will be applicable for medium chargers (MCs) installed at hourly parking spaces with effect from 10:00 a.m. on April 1, 2024. With effect from January 1, 2025, the charge of each 30-minute charging session would be \$10. For standard chargers installed at hourly parking spaces, provision of free charging will be continued.

The HA has commenced the implementation of fee-paying EV charging services for the existing MCs installed at hourly parking spaces in the following 77 carpark (about 690 MCs):

- Chak On Estate
- Cheung Ching Estate
- Cheung Ching Estate (Ching Chung House)
