[^] In support of Government's initiative to enhance the EV charging network, the Housing Department has been installing and will continue to install EV Chargers in HA's carparks where there is demand and where technically feasible. In case of repair and maintenance, the services of individual chargers may be affected. For the availability of chargers in the hourly parking spaces, please contact the respective management office of individual carpark.

**Implementation of Fee-paying Electric Vehicle Charging Services at
HA's Hourly Parking Spaces**

The Commercial Properties Committee of the Hong Kong Housing Authority (HA) approved the arrangements for implementing fee-paying Electric Vehicle (EV) charging services in HA's hourly parking spaces. Under these arrangements, EV charging fees will be applicable for medium chargers (MCs) installed at hourly parking spaces with effect from 10:00 a.m. on April 1, 2024 with an hourly charge of \$20. For standard chargers installed at hourly parking spaces, provision of free charging will be continued.

The HA will commence the implementation of fee-paying EV charging services for the existing MCs installed at hourly parking spaces in the following 26 car parks (about 100 MCs) on April 1, 2024:

- Cheung Lung Wai Estate
- Cheung Ching Estate
- Ching Fu Court
- Cheung Sha Wan Estate
- Cheung Shan Estate
- Ching Tin Estate
- Domain
- Hoi Ying Estate
- Hung Hom Estate
- Kai Cheung Court
- Kam Chun Court
