Financial Review

Supporting the vision and mission of the Hong Kong Housing Authority (HA), maintaining sound financial and funds management remained our key focus in 2019/20. We continued to explore opportunities to improve and strengthen our financial and risk-management processes to provide maximum financial and business value in all our activities.

The HA is financially autonomous. Our massive public housing programmes are sustained through internally generated funds. Our financial resources are prudently managed for smooth operation of our capital programmes, operational services and business initiatives.
