The Labour Department (LD) issues Work Safety Alert to alert employers/ contractors and employees to the occurrences of serious or fatal work accidents, and remind them of the relevant safety and health measures needed to be taken to prevent recurrence of the tragedies.

In order to bring a visual impact and let the employers/ contractors and employees have an easier understanding of what had happened and what to do to prevent similar accident, LD produces short vivid animations on Work Safety Alerts. As a start, two animation videos on "Dismantling of Truss-out Bamboo Scaffolds" and "Electrical Work" have already been uploaded to the LD's website.
