

## **Safety & Health Alert No. 37/2020**

### **Message from Occupational Safety and Health Council – Promotional Campaign on "Prevention of Heat Stroke at Work in a Hot Environment"**

Date: 13 July 2020  
Our Ref. : HD(C)TS 4/49/26

This serves to draw your attention to the captioned promotional campaign organized by Occupational Safety and Health Council (OSHC).

OSHC reruns the campaign this year, and as in last year, it aims at reminding employees working outdoors to pay attention to the potential hazards of working in hot weather and to take appropriate preventive measures to reduce the risk of heat stroke.

Please note the following promotional materials from OSHC:-
