

Safety & Health Alert No. 46/2021

OSHC – ‘Safety Saves Lives’ Videos and OSH information

Date: 28 July 2021
Our Ref. : HD(C)TS 4/49/26

There are many industrial fatal accidents happened in the first half year of 2021, involving high risk activities such as lifting operation, working at height and etc. It is a great concern in construction industry.

Occupational Safety and Health Council promotes ‘Safety Saves Lives’ videos and OSH information which are mainly focused on ‘Safe Lifting’, ‘Use of Proper Working Platform’ and ‘Properly cover openings’, to remind employers and employees in construction industry that well implementation of safety measures can save your life! These videos can be watched on TV channels and Internet platforms, and have also been uploaded to YouTube channel / social media of OSHC.

‘Safety Saves Lives’ not only appear in different kinds of poster in Nepali, Filipino and Urdu but also in Whatsapp/Signal sticker packs for download. You are welcome to display the relevant promotion material or information on site and disseminate to stakeholders, relative organisations and their members.
