

Safety & Health Alert No. 71/2021

Occupational Safety and Health Council

– Occupational Safety and Health Comics

Issue 6 - Stop Falling Tools with Tool Lanyards

Date: 16 Dec 2021
Our Ref. : HD(C)TS 4/49/26

Construction Safety and Health Committee of the Occupational Safety and Health Council released a new issue of comics. Through recalling of the worker “Ah Keung” about the accident of falling hand tools during work, everyone is reminded that when using hand tools, tool lanyards that comply with international standards must be used to tighten the hand tools. The safety points of using hand tool lanyard should also be noted. Please feel free to print and post in the workplace, and forward it to industry organisations for reading.
