

Safety & Health Alert No. 15/2022

Safety Message from Construction Industry Council – Life First Campaign 2022

Date: 6 June 2022
Our Ref. : HD(C)TS 4/49/26

The “Life First” campaign aims to enhance safety awareness in the construction industry and raise safety standards on sites. The “Life First” campaign was firstly introduced by the Construction Industry Council (CIC) in 2020 and had received positive feedbacks from the industry stakeholders. In view of this, the CIC strives to continue the spirit of “Life First” campaign and initiate this campaign since May 2022.

Through this campaign, CIC aim to raise safety awareness of all stakeholders with a view to reducing the number of industrial fatalities by identifying and reviewing operations of site specific high-risk activities, including 1) Working at Height; 2) Heavy Machinery; 3) Lifting; and 4) Confined Spaces.

CIC look forward to your participation in and support for the “Life First” campaign. Please distribute the message to your fellow members, relevant personnel or other industry stakeholders where appropriate.
