聯合宣言

JOINT DECLARATION

THE OBJECTIVE:

This Joint Declaration signifies a non-legally binding and voluntary partnership agreement among stakeholders in the construction industry to join hands collaboratively pursuing the common goal of establishing a **safe and healthy environment on construction sites** towards achieving the vision of “Zero Accident”.

THE PLEDGE:

We / I pledge to work towards the above objective through:

- **At the Government Level**
 - **Safe Construction:** to accord priority to safety considerations in design and construction of government projects.
 - **Monitor and Support:** to ensure that risks to people’s safety and health at work are properly managed by legislative and contractual enforcement, education and promotion.
- **At an Organisational Level**
 - **Strong Commitment:** to lead by visible and active commitment and leadership from the top management to nurture a proactive safety culture within the organisation.
 - **Adequate Resources:** to procure adequate human and financial resources for the establishment, maintenance and implementation of a robust safety management system and all associated safety measures, and to manage its performance.
 - **Continuous Risk Assessments:** to identify, assess and mitigate construction risks throughout the life cycle of a construction project.
 - **Adequate Training and Promotion:** to provide safety training and arrange safety promotion activities for all levels of stakeholders.
 - **Caring Culture:** to foster a caring culture on construction sites.
 - **Effective Communication:** to maintain effective communication with supervisors and workers throughout the supply chain and engage them in all aspects of safety management.
- **At an Individual Level**
 - **Strict Compliance:** to follow safety and health instructions and procedures in strict compliance with legal requirements and in-house rules.
 - **Active Participation:** to participate actively in safety and health training and promotional activities.
 - **Communication:** to maintain good communication with their supervisors and co-workers on all safety issues.
 - **Responsibility:** to be responsible for the safety of the individual and care about others’ safety on construction sites.
