

共築智能峰會

HOUSING • I&T Summit

智能助建屋 共築展未來

Pioneering Innovative Housing for a Sustainable Future

香港特別行政區政府房屋局與香港房屋委員會正攜手籌辦「共築・智能2025」系列活動，包括機器人比賽、海外考察交流、建築技術示範及國際峰會等，旨在促進全球政府、企業、大學、科研機構的對話與合作，透過創新實踐與技術進步以提升住房解決方案。

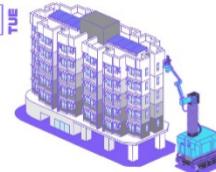

此次活動的重點是將於2025年11月4日至7日在香港及大灣區舉辦的「共築・智能峰會」。峰會將安排兩天專題研討會及兩天實地考察，匯聚本地及國際公共房屋領域的專業人士與從業者，交流理念並探討房屋建設技術創新與發展。

The Housing Bureau of the Hong Kong Special Administrative Region Government and the Hong Kong Housing Authority are organizing the "HOUSING・I&T Year 2025". This initiative encompasses a series of events, including robotics competitions, overseas visits and exchanges, construction technology demonstrations, and an international summit. The aim is to foster dialogue and exchange ideas among government, industry, academia, and research institutes globally, with the goal of enhancing our housing solutions through innovative practices and technological advancements.

A highlight of this initiative is the "HOUSING・I&T Summit", scheduled to take place from November 4 to 7, 2025, in Hong Kong and the Greater Bay Area. The Summit will feature two days of symposiums followed by two days of site visits. It aims to bring together local and international professionals and practitioners in the field of public housing to exchange ideas and discuss advanced technology developments in this sector.
