M.C.:

Everyone

Today's forum is coming to the end

Once again, I would like to thank all the guests for coming  
and the participation of all of you

After the experience sharing today

I hope that we can keep the theme today in mind

Control the risk at source effectively

will improve work performance at height

Effectively implement site safety measures

to achieve safe construction

and the ultimate goal of zero incident

The contents of the forum today

will be uploaded to the Housing Authority's Site Safety Website later

Please jot down the URL

[www.housingauthority.gov.hk/sitesafety](http://www.housingauthority.gov.hk/sitesafety)

You can visit the website to review the forum today

Apart from that

in order to strengthen the awareness of the industry in occupational safety

in particular, the Housing Authority has launched an online

Occupational Safety & Health Training Kit for Works and Property Management

Personnel

The training kit is comprehensive and practical

because it covers 24 categories

You can visit the website I've just mentioned

to find the information

Thank you for your presence and participation today

Hope to meet you again next year

Goodbye
