

支持機構座右銘 2017

Mottos of Supporting Organisations 2017

發展局
Development Bureau

安全不是意外收獲，是細心設計的結果。
Safety doesn't happen by accident, it happens by design.

勞工處
Labour Department

先規劃 後動工 減風險 防意外
**Proper Safety Planning before Starting the Work:
Key to Reducing Risks and Accidents**

BUILDINGS
DEPARTMENT

安全至上 工作無憂
Always put safety first to minimise dangers at work.

CONSTRUCTION
INDUSTRY COUNCIL
建造業議會

專業建築零意外
Zero accident can be achieved through professional construction.

Member of VTC Group
VTC 機構成員

施工規劃做得好，工地安全無煩惱。
Site safety hinges on good work plan.

香港建造商會
Hong Kong Construction Association

維繫建造安全 貫徹終身使命
Construction Safety, Our Lifetime Commitment

香港建造業分包商聯會
Hong Kong Construction Sub-Contractors Association

安全 工作 齊參與
行業 共同 創佳績
**Everyone joining hands to promote work safely can enhance performance
for the whole industry.**

設計免危害 - 設計周詳減事故，施工暢順保平安
**Prevention through Design "Careful design can reduce accidents
and ensure smooth and safe execution of works"**

支持機構座右銘 2017

Mottos of Supporting Organisations 2017

機電工序減風險，安全設計勿忽視，
消除危害在源頭，工作順利又安心。

**Pay due attention and take proper safety precautions at work,
and everyone can go home safely to their families.**

有防則安 無防則危

Carefulness brings safety; carelessness causes accidents.

保養維修零意外 推動安全建未來

**Strengthened efforts on safety promotion help build the future and
achieve zero accident in maintenance work.**

香港清潔商會
Hong Kong Cleaning Association

沒有了安全，則沒有了一切。

To forgo safety is to forgo everything.

為家人著想，唔做好職安是自私行為！

做好安全為家人，條命唔係自己嘅！

**Think about your family: Don't be selfish, your life is not just yours.
Love your family, take safety precaution at work at all times.**

港九電器工程電業器材職工會
Hong Kong & Kowloon Electrical
Engineering & Appliances Trade Workers Union

工作安全恒常事，假期前後更重視

**Treat work safety as daily schedule and stay alert at all times especially
during pre and post holiday periods.**

香港建築業承建商聯會
Hong Kong General Building Contractors Association

你我同心手牽手 建築安全要遵守

**Your participation is important for adherence to construction safety
requirements.**

設計免危害 - 設計周詳減事故，施工暢順保平安
*Prevention through Design "Careful design can reduce accidents
and ensure smooth and safe execution of works"*
