

Enhancement of Contract Provisions for Safety

10-06-2009

**Mr. Timothy C T LAU
M/S&H
Housing Department**

This presentation explains the Construction Safety Enhancement Measures for Capital Works New Works Contracts implemented from 1 April 2009

- **For all new works contracts to be tendered out from 1 April 2009 and onwards**
(DCMBI P04/09)

Enhancement for Site Safety

- **Expand the scope of restriction of subletting for works / trades involving significant hazards to include the trades of**
 - **external wall painting**
 - **plumbing / drainage**

(limited to 2 tiers)
(PRE.B6.290.A)

- **Revise contractual requirement on Silver Card in line with enhanced training by Construction Industry Council Training Academy (CICTA)**

(PRE.B6.150.A, PRE.C6.150.A & PRE.BS1.450.A)

- painter and decorator
- *carpenter*
- demolition worker (building)
- plumber
- bar bender and fixer
- *plasterer and tiler*
- *bamboo scaffolder, metal scaffolder*
- *construction materials rigger*
- curtain wall installer
- *tower crane worker (erecting, dismantling, telescoping & climbing)*
- lift mechanic and worker for lift installation (installation and maintenance)

- **Strengthen provision of full time Safety Officer (PRE.B6.150.A & PRE.C6.150.A)**

No. of workers

No. of Safety Officer

<201

1

201 to 700

2

701 to 1200

3

>1200

4

- **Reinforce specification for tower crane / lifting operations and related personnel (PRE.B8.242.N)**
 - **competent examiner**
 - **tower crane operator**
 - **slinger (construction material rigger)**
 - **signaller**

Mandate slinger to work in pair with another site personnel within the lifting zone

- **Enhance Accident Reporting Mechanism**
(PRE.B6.150.A & PRE.C6.150.A)
- Procedures for reporting and investigation non-serious, serious, fatal accidents and incidents (dangerous occurrence, near miss and death of persons not related to industrial accident) uploaded to HD's Counterparty Management Information System (COMIS)
- For non-listed contractor undertaking HA works contracts, CM in charge is to advise the contractor the required procedures upon contract commencement.

Strive For Better Site Safety
