

Here is the footage of
Site Safety Seminar for Capital Works New Works Contracts
of Housing Authority which was held on 12 April 2018
Now is the first Question and Answer session

(00:15)

Everyone can take the initiative to ask questions
Please take the opportunity if you have any questions
Please give this friend a microphone

I would like to ask
in the Housing Authority Safety Auditing System
how does the contractor participate
in the appointment of the auditor?
And can the contractor disagree to the auditor selected?
First, thank you for your question
The appointment of the auditor is now
based on the Housing Authority Safety Auditing System
The current appointment is by random selection
First, whenever there is a new project
the Housing Authority will notify
the Occupational Safety & Health Council
We will inquire the auditors in the current list
whether they are available to carry out the audit
and declare they have no conflict of interest
with the contractor
There are now 71 auditors on the list
For example, there may be 30 auditors
confirming their availability
We will provide the consolidated list of those 30 auditors
to the Housing Authority
The Housing Authority will use
a computer random selection system to draw an auditor

For example, if auditor A is selected
we would ask the contractor
whether they have any objection
the contractor has the objection right
with justifiable reason
If the contractor has no objection
we will appoint that auditor to conduct safety audit
for that new project
If the contractor objects with justifiable reasons
we will inform the Housing Authority
to conduct the random selection process again
Thank you.

Are there any more questions?
If there is no question, we will have a 10-minute break
The time now is 3:19, please come back again at 3:30
We will continue the second section of the seminar

Thank you for watching
