

Here is the footage of

“Site Safety Seminar for Capital Works New Works Contracts”

which was held on 7 November 2018

by the Hong Kong Housing Authority

The Speaker is

Ms. Vera Choi Sze Man, Chief Architect of the Housing Department

She is now delivery a Welcoming address

Friends in the industry, honourable guests

and colleagues, Good Afternoon

Welcome to the

Site Safety Seminar for Capital Works New Works Contracts

I am Vera Choi, Chief Architect

from the Housing Authority (HA)

Some contractors may have seen me

or got to know me from other occasions

I am the contract manager of several new works contracts and

recently started to lead the Safety and Health Unit of the HA

Some colleagues in HA

may wonder why I am speaking on the stage

I am very happy to see you all in this big event

I will first introduce the speakers today

The first one is

Veteran Safety Consultant Mr. Alvin Yu

Mr. Yu will explain safety audit at the operational level

Next,

Mr. Jack Fong of the Occupational Safety & Health Council (OSHC)

will analyse the Housing Authority Safety Auditing System

in the 2nd and 3rd quarters of 2018 and

HA Lift and Escalator Nominated Sub-contracts Safety Auditing System

He will share with us the safety audit findings

Another speaker from OSHC, Mr. Henry Cheung

will report on findings of Surprise Safety Inspection Programme
in the 2nd and 3rd quarters of 2018 and

The next one is someone awesome
coming all the way from Singapore

Mr. Raymond Wat, South East Regional General Manager
from the International Power Access Federation

Mr. Wat will brief us on
the Guidelines for Safe Use of Mobile Elevating Work Platform

Then it will be our colleague from HA

Mr. Desmond Cheng, Chief Technical Officer/Audit
from the Audit Unit

Mr. Cheng will share with us
findings from Surveillance Audit of new works sites

The last speaker is a familiar face

Mr. Lau Chee Tim, Senior Manager of Safety & Health Unit from HA

Mr. Lau will report on
Housing Authority Development and Construction Site Mobile System (DCSMS)
(reporting accidents and incidents) and the progress of DCSMS

He is also the MC today

Distinctive merits

Each session today will be followed by
a questions and answers session

The topics today are serious ones but please relax
and raise all the questions you have in mind

Please take full advantage of interactive platform today
for experience exchange

to work together to improve safety measures at work
making concerted efforts to promote site safety

The video of the seminar today
will be uploaded to the HA Site Safety website

You may revisit the seminar online later and

invite colleagues who could not come today to watch the playback

After the seminar today

I hope you will share the messages with your colleagues

Thank you

Thank you for watching
