

**Title: Site Safety Seminar for Capital Works New Works Contracts**

Super Site Safety Seminar for  
Capital Works New Works Contracts  
16 July 2020

VO: Here is the footage from  
Site Safety Seminar for Capital Works New Works Contracts  
which was held on 16 July 2020

Super Welcoming Address by  
Mr. Stephen LEUNG  
Assistant Director (Development and Procurement)  
Housing Department

VO: The speaker is Mr. Stephen Leung  
Assistant Director (Development and Procurement)  
Housing Department  
He is now delivering a welcoming address

Mr. Leung: Good afternoon, guests, stakeholders and colleagues  
Welcome to this Site Safety Seminar for Capital Works Contracts  
A special thank you to our speakers today  
for sharing the site safety information with us  
Housing Authority has been promoting innovation technologies  
In Housing Authority Safety Auditing System (HASAS)  
we encourage contractors to implement  
safety innovative measures on HA construction sites  
Today, two contractors are invited to share their experiences  
Dr Ben Ho, Deputy General Manager  
Safety & Environmental Protection Department  
China State Construction Engineering (Hong Kong) Ltd  
and Mr Albert Cheung, Senior Safety Officer  
Hip Hing Construction Company Ltd  
As usual, our partner  
Senior Consultants Mr Jack Fong and Mr Henry Cheung  
Occupational Safety and Health Council (OSHC)  
They will be show the findings in safety audit  
and surprise safety inspections  
conducted in Q4 of 2019 and Q1 of 2020  
Let us learn from the good practices  
and to avoid the bad practices and make improvement  
Everyone of you here is an important partner of HA  
Let us work hard together towards safety on the construction sites  
Today we have also invited Mr. Gary Ng  
Chief Executive Officer of Customindz

He would introduce some Artificial Intelligence technology applications in construction safety  
Some applications have been adopted on construction sites  
Please bring back and share the safety information in your workplaces and feel free to play the video recordings of the seminar on site too  
In addition, you could browse and disseminate the safety information in the HA's site safety website  
I would like to mention the COVID-19 pandemic  
I hope everyone could treat site safety like COVID-19  
We must be cautious and never overlook site safety  
Work hard, thank you!

VO: Thank You For Watching
