Flat Selection Arrangements during Tropical Cyclone/ Black Rainstorm Warning Signal or “Extreme Conditions”**

If Tropical Cyclone Warning Signal No. 8 or above / Black Rainstorm Warning Signal / “Extreme Conditions” (the Warning Signal) has been issued / hoisted or the Pre-No. 8 Special Announcement is issued by the Hong Kong Observatory (HKO) at 7:00 a.m. on the flat selection day (**the day**), all flat selection sessions on the day will be cancelled and **postponed to the same sessions on the working day that the flat selection procedures are resumed**. If the flat selection is in progress and the Warning Signal or Pre-No. 8 Special Announcement is issued, the flat selection session that has started will continue whereas the remaining flat selection session(s) of **the day** will be cancelled and **postponed to the same sessions on the working day that the flat selection procedures are resumed**.

If the Warning Signal is cancelled before 7:00 a.m. on the day, the GSH Sales Unit (the Unit) will resume operation at 9:00 a.m. Since the procedures for flat selection have to be conducted according to the flat selection priority of applicants, should all or some of the flat selection sessions at an earlier time fail to proceed as scheduled owing to the Warning Signal, the Unit will start processing the backlogs after resumption of flat selection procedures upon cancellation of the Warning Signal. Please note that **the day** in the table below refers to the flat selection day where Warning Signal has been in force. The first working day is the working day immediately following **the day** of flat selection and so on. For details of flat selection arrangements when the Warning Signal is issued, applicants may call the Hong Kong Housing Authority Sales Hotline on 2712 8000, or browse through the designated web sites for this sales exercise at www.housingauthority.gov.hk : [Home>PRH application>Express Flat Allocation Scheme](#).
